SECTION III – Hazards Identification

Emergency Overview: Danger! Corrosive to eyes and skin. Harmful if swallowed, inhaled or absorbed through the skin. Can cause sensitization and dermatitis, and have effects on the central nervous system, liver and kidneys.

Primary Route(s) of Entry: Dermal, inhalation

SECTION IV – First Aid

Ingestion: If swallowed, immediately give at least 3-4 glasses of water, but do not induce vomiting. If vomiting occurs, give fluids again. Do not give anything by mouth to an unconscious or convulsing person. Seek immedi-

ate medical attention. Have physician determine whether vomiting or stomach evacuation is necessary.

Skin: For skin contact, under a safety shower, immediately remove contaminated clothing and shoes. Wash affected areas thoroughly with large amounts of water and soap, if available, for at least 15 minutes. Get immediate medical attention. Discard or decontaminate clothing before reuse and destroy contaminated shoes.

Inhalation: If inhaled, remove from area to fresh air. If not breathing, give artificial respiration. Seek immediate medical attention. If breathing is difficult, transport to medical care and, if available, give supplemental oxygen.

Eyes: For eye contact, immediately flush eyes for at least 15 minutes with running water. Hold eyelids apart to ensure rinsing of the entire eye surface and lids with water. If physician is not available, flush for an additional 15 minutes. Seek immediate medical attention.

Overexposure Effects: Overexposure to this material can cause chemical burns to the skin and the eyes, and may result in blindness. Can cause allergic skin and respiratory reactions. Vapors may be severely irritating to the respiratory tract. Considered to be a dermal toxicant. May have effects on the central nervous system, liver and kidneys.

Medical Conditions Aggravated by Exposure: Allergy, eczema or skin conditions

Additional Information: Promptly remove wet contaminated non-impervious clothing, wash before reuse. Destroy contaminated leather and absorbent shoes.
